## INTRO

### VERSE 1

I'm waiting for You to meet me here  
To answer my prayer and tell me everything's okay  
I'm waiting for You to do what I know You can do  
And come and take my pain away

### PRE-CHORUS 1

But even in the quiet,  
You are not a God of silence

### CHORUS 1

Cause there wasn't a moment that You left me  
Never a thought left unseen  
Just because my world was breaking  
Didn't mean You left me  
You were the one who's fighting battles  
As I'm crying at Your feet  
And even when I'm in the waiting  
You're still the God who fights for me

### INTERLUDE 1

### VERSE 2

You've met me here before  
And You calm my anxious heart  
So I will trust You Lord

### PRE-CHORUS 2

Cause even in the quiet  
You are not a God of silence

### CHORUS 2

Cause there wasn't a moment that You left me  
Never a thought left unseen  
Just because my world was breaking  
Didn't mean You left me  
You were the one who's fighting battles  
As I'm crying at Your feet  
And even when I'm in the waiting  
You're still the God who fights for me

### INTERLUDE 2 (2X)

### BRIDGE 1

So in the quiet, I'll sing Your praises loud  
You may be silent, but Your Spirit's all around  
So when it's quiet, I'll sing Your praises loud  
You may be silent, but Your Spirit's all around  
So in the quiet, I'll sing Your praises loud

Because I know

### BRIDGE 2

I know that You see me, I am not alone  
I don't have to hear You to know You're in control  
Every day of my life You were holding in your hand  
You are working in ways that I don't have to understand

### BRIDGE 3

So when You're quiet, I'll sing Your praises loud  
You may be silent, but Your Spirit's all around  
So when it's quiet, I know You're working all things out  
You may be silent, but God I know You're with me now  
So I'll embrace the quiet, surrender all my doubts  
Cause You may be silent, but You've never let me down  
So when it's quiet, I'll sing Your praises loud  
Because I know

### CHORUS 2

Cause there wasn't a moment that You left me  
Never a thought left unseen  
Just because my world was breaking  
Didn't mean You left me  
You were the one who's fighting battles  
As I'm crying at Your feet  
And even when I'm in the waiting  
You're still the God who fights for me

### INTERLUDE 2

### ENDING (3X)

So I embrace the quiet
