You pierced through the night and You opened my eyes

You're breathing into me  
So that we can see You're all we need

Hope and victory  
The power of Your  
love is with me  
For eterni ty

Now my debt is paid  
Youre making me new to be more like You

To a place You wouldn't find  
Your love is so much greater  
Than where I try to hide
